

## Education

### International Institute of Technology (IIT)

Bachelor in computer science

Sfax, Tunisia

2023-2026

### Higher Institute of Technological Studies of Radès(ISET)

Bachelor's Degree in Mechanical Engineering

Radès, Tunisia

2022-2023

### Preparatory Institute for Engineering Studies(IPEIS)

Engineering Track

Sfax, Tunisia

2021-2022

### Lycée Monji Slim

Admitted with honors in Baccalaureate

Sfax, Tunisia

2021

## Experience

### Alfa

ElAmra,Sfax

#### ***Technician at a Manufacturing, Chemical & Animal Feed Production Facilities***

***January-February-2023***

- Assisted in maintenance and repair of heavy industrial machinery across manufacturing and chemical plants
- Maintained and repaired industrial cutting machines used in animal feed production
- Performed preventive maintenance on electric motors, conveyor systems, and high-voltage electrical equipment
- Diagnosed and troubleshoot electrical and control system faults
- Worked with PLC logic cards and participated in industrial machine programming
- Developed automation solutions using Arduino IDE for machine control applications
- Performed manual lathe machining (conventional turning) for fabrication and repair of mechanical components
- Designed detailed assembly drawings and 3D mechanical models using SolidWorks and AutoCAD 2016
- Applied strict safety procedures when working with high-voltage systems and industrial equipment

### Yosr

Ghraba,Sfax

#### ***Developer and administration duty***

***August – September 2025***

- Developed a machine learning model to forecast sales using the powerful XGBoost algorithm.
- Implemented the project using Python in a structured development environment (e.g., Jupyter Notebook / VS Code).
- Performed data preprocessing, including handling missing values, feature engineering, and normalization.
- Trained and optimized the model using hyperparameter tuning to improve prediction accuracy.
- Evaluated performance using metrics such as RMSE / MAE / R<sup>2</sup> score.
- Visualized insights and model results using libraries like Matplotlib and Seaborn.
- Demonstrated the ability to transform raw data into actionable business insights for decision-making.

## Leadership & Activities

### CSSE

#### Handball player

**2009–2019**

- Competed as an active member of the team in regional and national competitions.
- Developed strong teamwork, discipline, and commitment through regular training and matches.
- Improved physical performance, endurance, and strategic thinking.
- Collaborated effectively with teammates and coaches to achieve collective goals.
- Demonstrated resilience and adaptability in high-pressure competitive environments.

### Tunisian scouts

#### leader

**2012– this day**

- Led and organized activities for youth groups, promoting teamwork and personal development.
- Coordinated camps, events, and community service initiatives.
- Developed strong leadership, responsibility, and organizational skills.
- Trained and mentored younger scouts, fostering discipline and collaboration.
- Participated in social and environmental projects benefiting the local community.

### Tunisian handball federation

#### Referee

**2019 – this day**

- Officiate official handball matches in accordance with national and international regulations.
- Ensure fair play, enforce rules, and maintain discipline during games.
- Demonstrate strong decision-making skills under pressure in fast-paced environments.
- Collaborate with officials, coaches, and players to ensure smooth match operations.
- Develop excellent communication, leadership, and conflict resolution skills.
- Maintain high levels of focus, integrity, and professionalism throughout competitions.

## Skills & Interests

**Technical:** python/java/java script/C/C++/C#

#### Language:

- Arabic: fluent
- French: mid
- English: fluent
- Deutsch: average/basic

**Laboratory:** solidworks 2016/autocad 2018

**Interests:** football/handball/gaming/fishing
